DESTIN ICE SEAFOOD MARKET & DELI

When Dwane Martin retired during the 1980s, he decided to move to Destin, and happened upon the Destin Ice House, that was for sale. He purchased it in 1985 and definitely found himself out of retirement! Local boat captains began asking him to buy their seafood, and a whole new part of the business was born. Destin Ice Seafood Market & Deli is located at 663 Hwy. 98 in a quaint red-shuttered “barn,” and is open daily from 8 am-6 pm. Customers stand in line for the top-quality specialty meats and seafood. You’ll also find a great selection of gourmet grocery items and fine wines. Some of Dwane’s most popular items are the specialty foods like the Turducken—a boneless chicken, stuffed into a boneless duck, stuffed into a boneless turkey! He says that these are fast replacing the traditional baked ham or roasted turkey for holiday dinners. Another local favorite is the selection of delicious fresh seafood salads served daily. The service is excellent; the products fresh and top-quality; and the atmosphere very authentic Destin. Call 850-837-8333.
