

## Salons, Spas & Indulgence

Imagine that you are surrounded by soothing music and exotic fragrances while you sip on a refreshing beverage and revel in a luxurious massage or refreshing facial. As your worries and stress melt away, you are swept into complete serenity. Sound like heaven on earth? It almost is. Actually, you will experience all of this and so much more at the

enchanting Serenity Wellness Spa & Salon, 107 Sportsman Club Rd. in Milledgeville. This award-winning European-style salon and spa is a place where a simple cut and curl or body massage becomes a soothing experience for the mind and body.

Owner Linda Kerce admits that pampering and spas are two of her passions. So much so that she usually chooses her vacation destinations based on the spas. After years of visiting spas in the United States and Mexico, Linda decided to bring the special experience home. She is an energetic and savvy businesswoman who spent many years in the construction business. Linda combined her construction know-how with her spa experience to transform a vacant factory into a glorious center for pampering. She considers it her gift to the community. Linda designed Serenity Wellness with all of the special qualities she loved in the favorite spas she had visited in Atlanta, Las Vegas and Cancún. Whether it was the special services, unusual equipment, elegant décor or simply the tranquil feel, Linda worked to bring what she loved most to the Spa. No detail is missed—different rooms, like the Rainforest Room, are decorated with natural, rich textures, luscious plants and fine art.

The staff at Serenity is warm and generous, and more than anything, they want to pamper you so that you look and feel beautiful. Serenity offers a variety of services. If you want a massage, you can choose from Swedish, Sports, Neuromuscular, Deep Tissue and even the heavenly Heated Stone Massage. Or, maybe you'd like to indulge your skin with Serenity's Signature Facial, a special European Seaweed Treatment. If you want to lose inches, try one of

Serenity's ultimate slimming solutions, like the Cellulite Treatment or the European Body Wrap. Other services include manicures, pedicures, hydrotherapy, bronzing, waxing, makeup, hair and more. There really is so much to choose from! From beginning to end, Serenity offers you a premiere spa experience. It even uses the well-known Repêchage products, which offer "Beauty from the Sea," ensuring that you receive only the best. Serenity's unique gift boutique is an absolute must.

You may also want to spend time refreshing your body with physical activity. At Studio at Serenity, you'll be able to slim down, shape up and feel great by attending a group Stott Pilates class or even scheduling a one-on-one training session in the fully equipped Pilates Studio. Linda's latest addition, a complete physical therapy clinic with more than 25 years combined therapist experience, accepts Medicare, Medicaid and most insurance.

"Making people the best they can be," is Serenity's motto, and we're sure that you'll discover that to be true. No matter what you're looking for in a day spa experience, Serenity is sure to have it. Open Tuesday, Wednesday-Friday 10 am-6 pm, Thursday until 8 pm, and Saturday 9 am-4 pm. Visit [www.serenitywellnessspa.com](http://www.serenitywellnessspa.com) or call 478-453-8158.
